Dear Parents/Carers

## Welcome back

I would like to welcome parents and pupils back after the Christmas holiday, and wish everyone a healthy and prosperous New Year. I know it seems hard to imagine at this point, but hopefully, we will back to some normality in the not too distant future.

Online learning started on Tuesday for pupils who are learning from home. We have some pupils in school, and we are keeping a close eye on these numbers as we want to continue to keep the school safe for both the pupils and the staff, while providing quality education for all.

Over the last two days we have contacted all families with children who are entitled to Free School Meals. We have also contacted parents whose children have not been accessing the online learning. We want 100% of pupils to continue to learn whether at home or at school. The school has been issued with some devices and these are currently being allocated on a priority basis. Once we have contacted all parents we might be able to offer devices to families where pupils are currently sharing.

We ask parents to stay in touch with us, if you need any support please email your child's class teacher or the school office. [admin@holywell.herts.sch.uk](mailto:admin@holywell.herts.sch.uk)

We can support pupils eligible for Free School Meals with food parcels. We are also able to support pupils accessing online learning, while working online and other learning. This support is available to all our families, so please do not hesitate to contact us.

Parents are reminded that all remote learning is taking place through Google Classroom. Each child has a username and password to access this learning platform. Each pupil in Year 1 up to Year 6 can expect at least two live lessons each day. Currently these lessons are staggered as we know some families are sharing devices. Please see the timetable below. It is sometimes necessary for teachers to move a lesson but parents will be notified in advance when this is necessary.

From Monday all lessons will be recorded and posted in your child's Google Classroom, this will allow pupils to watch it back at any time. It is important that pupils and parents follow the class timetable so they know what is happening. We are moving fast to improve the consistency of what we are offering and continue to improve our provision. You will notice the improved more logical layout of the Google Classroom as we want parents and pupils to be able to easily access what pupils should be learning and when.

Our remote learning strategy will be available to parents soon on our website, but parents should expect the following remote learning for their children. This learning is not optional and should be completed and submitted by pupils.

Reading	Daily
Physical Activity	30 minutes each day
English live lesson	See timetable each day
Maths live lesson	See timetable
Science	Once a week
Humanities	Once a week
Art and Spanish as PPA	Weekly
Computing	Once a week

We will also be rolling out interventions for some pupils next week. It is absolutely key that we do not lose momentum in children's learning as happened during the last lockdown.

## DIRECTING HOME LEARNING

### A FREE COURSE TO HELP PARENTS, HELP STUDENTS

As the lockdown takes hold once more, **we would like to offer a free support course for parents and guardians.** The content of this course covers tips and tricks for parents to direct, inspire and feel in control of a child's learning at home.

It distils years of experience from **teachers and headteachers who are also parents,** into bite size videos with practical ideas and reflection points to develop with their children.

During the last lockdown we were inundated with requests for help and advice on home study, in our tuition centres and online. So we felt **a course that honours parents and teaching basics would be of use.**

Feel free to browse the video titles on the dedicated webpage:

**No payment or code is needed.**
