We are required to report to Parents/Carers how we have spent (or intend to spend) this money, and what impact we have seen on the children's PE and attainment as a result so that we are helping to ensure that all pupils develop healthy lifestyles.

At Holywell Primary School much of our PE and sport development has been provided by Premier Sports. As a result we now:

- hire qualified sports coaches to work with the children and staff from the Early Years to Year 6,
- have increased the number of morning, lunchtime and after school clubs offered to children,
- have increased the range of activities available to the children. New activities include archery, gymnastics, fencing, as well as the more traditional sports clubs such as football
- have purchased additional resources that support effective teaching and learning
- run regular Inter-House sports competitions allowing the children the opportunity to take part in competitive sports
- take part in regular inter school competitions organised by our Local School Sport partnership

Impact:

- Attainment levels from the EYFS through to Year 6 have increased considerably since the beginning of this academic year.
- Higher levels of participation in extra-curricular and lunchtime sports clubs.
- Teaching and Learning has improved as a result of increased resources and support from qualified sports coaches.
- All pupils from Year 3 – Year 6 are taking swimming lessons.

As well as our focus on PE and Sport we have also looked at improving healthy lifestyles at school through our Holywell Explorers programme. We have gained Healthy School status between September 2015 – and July 2016. We currently pursuing enhanced status.
