*we are a learning community with the spirit to succeed*

Monday 4<sup>th</sup> October 2021

Dear Parents/Carers

This term, the children in Year 5 have been studying properties and changes of materials in Science. To help the children gain an in-depth understanding on how materials can change state, we have organised a Science workshop for Thursday 21<sup>st</sup> October 2021. Both Chestnut Class and Elder Class will have an opportunity to engage in a range of practical activities. Each child will have the opportunity to carry out four different practical activities, including classifying, changing and separating materials. They will be able to work through a variety of activities in small groups. Some of these experiments include testing chemical reactions and assessing densities of oil and water. This workshop is designed to help raise awareness of how scientists work.

For this visit to go ahead we are asking for parents/carers to pay £5 towards the cost of the visit. If insufficient funds are provided by parents/carers it will be impossible for the school to meet the cost and the visit will be cancelled.

Payment will need to be made using the School Money On-line Payments System by Monday 18<sup>th</sup> October 2021. If you have any queries or problems accessing this system, please talk to the School Office and they will be able to provide you with a parent password.

Yours faithfully

Miss Rozan  
Class teacher

Miss Taff  
Class teacher
