Curriculum map Spring 1 – Year 5

Subject Area	Content
<p>English</p>	<p>Spoken Language: poetry performance, debating Children will continue to be encouraged to give well-structured explanations and to improve their command of standard English. Children will also consider and evaluate different viewpoints.</p> <p>Reading: The Power of Reading – The Adventures of Odysseus Children will compare the structure and features of a range of stories and look for different ways that information is revealed or events are presented, (e.g.) dreams, settings, letters. Children will use their inference skills to make predictions.</p> <p>Writing: reports, stories, recounts, poetry, playscripts Children will develop character, setting and atmosphere in their writing and will improve their proof reading and editing skills. Children will write a story and there will be an emphasis on developing vocabulary.</p> <p>Spelling, vocabulary, grammar, punctuation: Children will be refreshing all skills but focusing particularly on punctuation, speech, sentence structure and consistent use of tense.</p>
<p>Maths</p>	<p>Number: This term, Year 5 will concentrate on using number skills and concepts to develop our reasoning skills through a range of problem solving tasks.</p> <p>Number – fractions, decimals and percentages: Children will learn how to multiply fractions and solve problems using fractions; they will also learn percentage equivalents.</p> <p>Measures – area, perimeter, volume: We will learn how to calculate area and perimeter of squares and rectangles and of compound shapes. We will also learn how to find the volume of a cube/cuboid. Children will learn to convert units of measure.</p> <p>Geometry – 2D/3D shapes, angles: Children will cover reflections and translations of shapes. They will look at the properties of 2D and 3D shapes and will learn how to measure and draw angles.</p>
<p>Science</p>	<p>Working scientifically: Children will be investigating and evaluating forces and also recording results in tables.</p> <p>Science content: Children will look at the different types of force; they will use practical equipment to measure force.</p>

ICT	Robotic Systems Children will learn how systems work and become automatic; they will create programs.
Topic	Art and Design: Art will be taught by our designated art teacher. History – Ancient Greeks Year five will be learning about Ancient Greece, this will include looking at the empire, mythology, gods and goddesses and political systems. We will also be having a Greek day workshop.
Music	Voices Children will learn to compare phrases of a known song by comparing beats in a phrase and comparing tempos. Ukulele
PE	Children will be taking part in striking and fielding games such as Kwik-cricket and they will be also doing gymnastics.
Spanish	Children will continue to learn from a Modern Foreign Languages teacher.
PSHE	Going for Goals Throughout the theme children explore how to work towards and achieve targets.
RE	Judaism and Christianity Children will be comparing and contrasting Judaism to Christianity
Educational visit	Visitor – Greek workshop (spring 1)
